Mr. Terry Risse  
Iron Mechanical  
721 North B Street, Suite 100  
Sacramento, CA 95811

RE: *Letter of Recommendation*

Terry,

Your company's participation on the One South Market Apartments project in San Jose, CA, where you were responsible for the Mechanical and Plumbing scopes of work, was critical to meeting the Owner's aggressive project timeline and budget. Iron Mechanical's proactive participation with the Design Team in solving issues, creative problem solving, and general cooperative mindset led to a project completion with minimal change orders for your scope of work.

Due to your strong performance, we would not hesitate to recommend Iron Mechanical for future projects. It is a pleasure to work with companies that take pride in their work and deliver great results.

Sincerely,  
C2K Architecture, Inc.
